

AIR PARK BONDS TO GET BIG MAJORITY

The progressive citizenship of Cameron appeared Tuesday to be of one mind and a vote for progress will be resigtered on Tuesday, October 31, for the Air Park Bonds.

All indications pointed Tuesday to heavy voting in favor of the bonds which will provide Cameron with an air park. All local civic organizations including the Business & Professional Women's Club; the Lions, the American Legion, The Planning Board, the Rotary Club and the Chamber of Commerce have whole heartedly indorsed this project and interest is daily mounting in favor of the issuance of bonds for which no increase whatever in taxes will be necessary. In fact the present financial condition of the city would permit many times the amount of the Air Park bonds without an increase in taxes.

Tentative plans for the Air Park call for a main run way three thousand feet long, said P. W. Davis, lying northwest by southeast which will accommodate any plane used by feeder lines, and two shorter run ways one of about two thousand feet running almost due east and west and the other about 2400 feet long and running diagonally.

According to latest information available, said Mr. Davis, these run ways or landing strips will be ample for a city of Cameron's size for many years to come. Present experiments by the aircraft manufacturers trend toward more powerful and lighter aircraft engines which will eliminate the necessity for extremely long run ways, and the further development of devices such as landing flaps which decrease landing speed, and variable pitch propellers which get the plane into the air quicker.

The Chamber of Commerce has been contacted by four different air line companies who have applied for permission to operate so called feeder lines after the war, and each of these companies show Cameron on their maps as a pick up and delivery point. These companies have filed their applications with the Civil Aeronautics Administration with maps showing their proposed routes and schedules and it is confidently felt here that at least one of these applications will be approved.

The purpose of these feeder lines is to feed both passengers and freight, as well as express, first class mail and parcel post into main air arteries such as Dallas, Fort Worth, Houston and San Antonio. As it now stands, there is little advantage, if any, in sending an air mail letter to Dallas, but the advantages would be considerable if there were pick up planes landing in Cameron twice daily, making connection with the big air lines.

A vote for progress is a vote for the Air Park bonds! A vote for the Air Park bonds is a vote for Progress!

Missing In Action

ROBERT J. BENNETT
Naval Submarine Service

ROBERT J. BENNETT IS MISSING IN ACTION

Robert J. Bennett, 18, Radio Operator and Sound Detector operator, aboard a submarine of the United States Navy in the Pacific theatre of war, is missing in action, according to a telegram received here Tuesday from Rear Admiral Jacobs of the Navy Department in Washington.

The telegram expressed the sympathy of the Secretary of the Navy. For security reasons the information was restricted to routine notification. The name of the submarine was not divulged nor its sphere of operations. Two undersea craft were reported Monday as being long overdue, one was believed to be the submarine on which Bennett was serving.

Additional details will be communicated to the parents, Mr. and Mrs. Bob Bennett of Cameron. Mr. Bennett is a veteran of World War I, army, and is employed by the Santa Fe railroad in Cameron.

Robert J. was in Cameron early this summer on a ten day furlough before reporting for sea duty with his ship. He had previously passed his training courses to qualify for a radio and sound detector operator. He trained in the University of Chicago. He is a volunteer and elected to serve on a submarine.

He left Cameron on March 5, 1943, and received his boot training at the Great Lakes Naval Station near Chicago. He graduated from the Yoe High School in 1942. When he went to sea he was aboard an already famous sub. Selection of men for the undersea craft is restricted to the best men available and Bennett's qualifications speaks volumes for his courage and training.

Friends in Cameron were sincerely checked to have the depressing news that he is missing in action, and extend sympathy to the parents.

CAMERON LAGGING IN WAR CHEST COLLECTION

Although substantially half the money raised in the county for the War Chest has been obtained in Cameron the city was lagging a bit in its quota. Some \$2,000 is yet needed for the city to reach its quota of \$8,500.

The quota for the county \$14,000, Richard W. Hester, director for the War Chest drive said that \$9,065.38 had been reported to Saturday, October 21.

Cities and communities oversubscribing the quota are: Thorndale, Rockdale, Friedship, Ellison Ridge, Watson Branch, Conoley, Salty, Oak Hill, Sandy Creek, Hamilton Chapel, Marak, Ben Arnold, Clarkson, Vogel-sang and North Elm.

Thorndale district led all others in oversubscription with two communities yet to be heard from.

John Prude Suffers Broken Arm While Skating in Temple

John Prude, manager of the Swift Theatres, is in a Temple hospital with a broken arm.

Friends here Wednesday reported that Mr. Prude was injured while skating in Temple. He was taken to a hospital there for treatment. It was understood that Mrs. Prude would go to Temple late Wednesday and return Mr. Prude to Cameron.

Don't cheat your Chest.

MAJ. Wm. G. GILLIS KILLED IN ACTION

HAD BEEN AWARDED THE SILVER STAR

Maj. William G. Gillis, commander of a Battalion of Infantry in the American Third Army under General George S. Patton, has been killed in action, it was revealed here around 10 a. m. Sunday when his mother, Mrs. Lula C. Gillis, received notification from Secretary of War, Henry L. Stimson.

Maj Gillis was killed in action on October 1, 1944. He had been engaged with his Battalion in the bitter fighting on the Moselle River and before Metz in France.

The telegram, signed by General Ulio, Adjutant General of the Army, came also to Mrs. Gillis, wife of Major Gillis, the former Miss Lenore Riley of Junction who with their baby daughter, Georgia Ellen, have been living in the Gillis home since Maj. Gillis went overseas.

The late Judge Graham Gillis, father of Maj. Gillis, died while the Major was on the high seas, going over as a staff officer in Division headquarters. He was later given a field command.

Maj. Gillis, a short time before his death, was wounded, presumably in the battle of St. Lo, in France shortly after Patton's army began its sensational march out of the Normandy beachhead. He was wounded in the hand but continued with his unit. Later he was awarded the Silver Star for heroic action in rescuing a number of American soldiers trapped in a pocket of the battle front near Metz.

News of these decorations was received here in a letter from the Major.

Maj. Gillis was born and reared in Cameron, the son of the late Judge Graham Gillis, and Mrs. Lula C. Gil-

lis. In high school he played football and was a star on a team three years coached by Carroll Wood. After graduation here he went to Schreiner Institute where he graduated at the head of his class. He was given an appointment to West Point and graduated from the nation's war college in June of 1942, with a commission as Second Lieutenant. Shortly after graduation he was married to Miss Lenore Riley at Junction. She was secretary to Governor Coke R. Stevenson.

During his Senior year at West Point, Maj. Gillis was Captain of the football team and in that year was widely publicised as having played a brand of All-American football.

Maj. Gillis' first assignment was at Fort Sam Houston. Later he was transferred to Camp Roberts, Calif., where he trained officers. He also served at Fort Benning, Ga., before being transferred out to a Division being formed for overseas duty. He landed in England where General Patton's army was being formed for the invasion of France.

The telegram received here Sunday was routine in its contents and a sated notification. There were no details about the manner of his death. Later communications from the War Department to the family will disclose how Maj. Gillis met death, and within the limits of military security.

The people of Cameron and thousands throughout the nation were in the shadow of great sorrow, expressing their grief over the loss of Maj. Gillis and extending deep sympathy to his widow and mother here.

Recently Maj. Gillis sent to his home here some souvenirs of the battle front, among them a German parachute. The Silver Star decoration is the second highest award made by the army.

Gets His Wings

LT. THOMAS JETER

Lt. Thomas Barclay Jeter of Cameron has been commissioned a pilot in the United States Army Air Corps, graduating in September at Ellington Field.

Lt. Jeter is 24 and the son of Mrs. T. B. Jeter of Cameron, was born and reared here. Before entering the cadet training service Lt. Jeter was attached to the 474th Bombardment Squadron at Barksdale Fields, La.

In graduating the class the commanding officer said: "More pilots are on their way to deal with the enemies of the United Nations."

Thus Ellington Field advanced Pilot training school has graduated another class of aviation cadets and students. Most of the trainees have received their bars as second lieutenants or flight officers, and their wings as pilots of twin-engined planes.

Lt Jeter is now awaiting assignment for still further training before he gets his chance in combat overseas.

Gets Purple Heart But Back in Action

Pfc. Marvin Lee Posival has been wounded in the fighting in France and has been in a hospital in England.

Pfc. Pasival has been awarded the Purple Heart and the medal has been received by his parents Mr. and Mrs. Ed. Posival of Buckholts.

Since his recovery Pfc. Posival is back in action in France.

Serves With Patton

SGT. JOHNNIE R. BALUSEK

War, fast and furious under Gen. George Patton, is the experience of Sgt. Johnnie R. Balusek who serves in Germany under the brilliant American General.

Sgt. Balusek was inducted into service on March 18, 1942, and has since served with the 106th Cavalry. He received his basic training at Fort Riley, Kansas and Camp Livingston, La. He arrived in England in July of this year and took part in the invasion in June and since has seen much combat service.

Sgt. Balusek is the son of Mr. and Mrs. Emil Balusek of Buckholts. His wife, the former Miss Clara Glaser, daughter of Mr. and Mrs. Herman Glaser, is making her home with the parents while Sgt. Balusek is in the service.

Prison Fire Takes Big Damage Toll

A large portion of the administration building at Huntsville state prison was destroyed by fire around 8 a. m. Wednesday.

No loss of life was reported at noon. The origin of the fire had not been determined.

According to information broadcast at noon the fire was confined to the wing at the north entrance of the prison and did not extend to the cell blocks or any of the buildings inside the walls.

Mr. and Mrs. W. W. Harman of San Antonio visited in the home of L. J. Dunham over the week end.

With Military Police

PFC. JEROME CANADY

Pfc. Jerome Canady, is serving with the Military Police in France.

Pfc. Canady has been in the service for two years and has been overseas since March 1944, and has been attached to the Military Police under the Provost Marshal. He has seen much of the war and friends will be glad to know he is safe and doing a good job.

Pfc. Canady is the son of Mr. and Mrs. O. T. Canady of Jones Prairie. His father is a veteran of World War I.

237 JAP SHIPS TOLL OF WEEK BY OUR NAVY

The United States fleet under Admiral Halsey, coupled with B-29 bombers and carrier based planes have struck a new and devastating blow at the Japs in the Pacific. This time an attack on Formosa.

In the past week United States unit of the fleet and planes have sunk or destroyed 237 ships and 525 planes, by far the largest toll in shipping exacted in a seven day period since the war came on in 1941.

On the Western front the Germans are still trying to save Aachen but every attack has been smashed by the Allies. Only 1000 prisoners have been taken in 5 days. The German radio has broadcast the admission that the city is demolished.

Field Marshal Goering has told the Germans they have the most difficult prospect in their history.

Details of Cotton Purchase Program Available Soon

Full parity price to farmers for their 1944 crop of upland cotton is assured under the new Commodity Credit Corporation purchase program regardless of whether or not it is under a government loan, H. L. Atkinson, Chairman of the Milam County AAA Committee, said today.

The CCC will purchase all upland cotton for which a loan rate schedule has been announced offered to it up to June 30, 1945. The cotton will be purchased at the following prices: (1944 crop middling 15-16 inch, basis gross weight flat cotton at Memphis, Tenn.) October, 21.90 cents per pound; November, 21.95; December, 22.00; January, 22.05; February, 22.10; March 22.15; April, 22.20; May, 22.25; and June, 22.

The five-point increase per month has been added to the price as allowance to the farmer for storage and carrying charges.

Other highlights of the purchase program are:

Mr. and Mrs. Rudolph Kurtz and son have moved to Houston where Mr. Kurtz is employed.

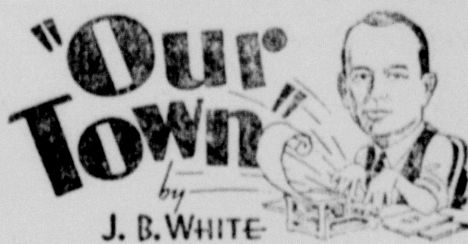

In North Carolina

PVT. DELMA MEEK

Pvt. Delma Meek entered the service in January 1944, and received training at Fort Sam Houston, California and in other Texas camps. He is now stationed in North Carolina.

Pvt. Meek recently spent a 10 day furlough with relatives and friends in and around Cameron. He is 17 years old and the son of Mr. and Mrs. Frank Meek of Cameron, Rt. 3. Before entering service he lived on the farm with his parents and a younger brother, Frank Meek, Jr.

We pass along today this communication from Mrs. Gladys McGrath of 754 Grand View Street in Los Angeles, Calif.:

"I don't know the name of your publication but am hoping this will reach the right person and that you will be kind enough to give me some information that I am seeking.

"I have some very disturbing letters from my sons overseas, and, indirectly from other boys over there.

"Knowing at first hand, from their comrades who escape German prison camps, of the inhuman brutality which our prisoners of war receive and of the butchery and sadist crimes that the German soldiers are guilty of, and seeing horrible evidence of it everywhere they look, especially in France, those boys receive newspaper clippings and letters from home and read articles in their own newspapers there, that is badly affecting their morale (it is widespread and general) and making them wonder why they have to give and endure so much to keep those murderous butchers off the backs of the people back home, only to find that those same people are pampering, babying and petting the same brutes who kick, beat, starve and torture our boys whenever they get them in their power.

"They are hearing stories of German prisoners of war going on strike and refusing to work at all if they don't like the conditions and getting away with it, demanding 5 meals a day, walking our streets free, being carted to shows free, of refusing to work where an American flag is flying, and in Cameron, Texas, of a German orchestra formed from soldier musicians, refusing to play at an officer's party until the American flag was taken down, and the flag was taken down. Is this true?

"If it is true I don't need to tell you the feeling of all these boys and their families. They already feel that they are betrayed and that many people back home are traitors to them.

"If it isn't true will you please tell me so that I can inform those boys, and will you please tell me how such printed word was sent to them?

"In a letter from my son today, he said that, for just one instance of what he sees everywhere, he had that day, seen what was left of a 16 year old French girl. Some French had refused to bury Germans killed by U. S. bombs. Fifty women, girls and babies were picked out, lined up, shot in the back of the head and run down by bulldozers. He says it is the same story, over and over again, and marvels at the indifference, self-satisfied attitude of people back home."

The incident to which Mrs. McGrath refers regarding the removal of the American flag, has already been published in The Herald, the only newspaper to dig up the facts and expose the dishonor to our flag. This occurs (turn to page four)

VOICE OF FREEDOM IS HEARD BY NATIONALS

General Douglas MacArthur has been in the Philippines and with him the President of the Philippines who succeeded the late Manuel Quezon.

MacArthur, immediately upon landing on the Island of Leyte broadcast to the Philippine people. "This is the voice of Freedom, General MacArthur speaking and by my side stands your President."

Thus had General MacArthur fulfilled his promise "I shall return."

is a lengthy broadcast to the people General MacArthur told them to rise up and fight the Japs. He sent a message to President Roosevelt and in turn received a message of congratulations from Mr. Roosevelt who said that the Philippines will again know freedom and the islands will be restored to their rightful owners.

American casualties were light. The 6th, 7th, 96th, and 24th divisions and the First Cavalry Divisions have landed about 11 miles apart. General Krueger commands the 6th Division.

Some of the great ships of the navy, battle wagons, were raking the beaches with 16 inch guns. Only one Japanese plane rose to challenge the invasion and it was shot down.

Wrecking destruction on the Japs, planes and ships of the line continued their attacks well past the noon hour Friday while men and weapons poured ashore.

What is certain the most sensational development in the Pacific war to-date came with belated Ameri-

can confirmation, although the Japs had previously broadcast the invasion news. The Japanese radio broadcast the information that General MacArthur had fulfilled his promise—"I shall return."

Corregidor, outer fortress in the harbor at Manila, fell on May, 6, 1942, and with it a heroic band of fighting Americans under command of General Wainwright while MacArthur, acting under orders left the Islands in a historic ride on a small craft, later to board a giant seaplane and to land in Australia.

Hero of the American people, the Philippines and of the Australian continent, General MacArthur, fighting a war with inadequate forces, has come back in the greatest triumph of his long military career, begun in World War 1, which he entered as a Captain and a staff officer. He emerged a Major General and made history as commander of the Famous Rainbow Division. He later became Chief of Staff and in late years had laid down a military foundation in the Philippines which his father, a Major General had helped to take from the Spaniards in the war of 1898.

American forces landed on the east coast of the island of Leyte. Stiff resistance was encountered on the north end of the island but all Japs were being systematically wiped out. The landings are 415 miles from Manila.

MacArthur's communication said that operations are proceeding according to schedule.

Mr. and Mrs. Monroe Tindall of Divine, spent Thursday and Friday in the home of his parents, Mr. and Mrs. H. C. Tindall.

CLYDE BATTE MISSING IN AIR WAR ACTION

Sgt. Clyde Batte, United States Army Air Corps, is missing in action since October 5th, according to a telegram received late Thursday by R. L. Batte in Cameron.

The telegram announcing that Sgt. Batte was missing in action was dispatched from the War Department and signed by General Ulio, Adjutant General of the Army.

Friday afternoon Congressman W. R. Poage, just back in Washington from England, sent a telegram to Mr. Batte stating that there was no additional information concerning Sgt. Batte. An inquiry had been made early Friday by Mr. Batte through Congressman Poage to determine whether there were any other developments.

Information will be communicated to the family as soon as available. Mr. Batte received and read the Poage telegram on one of his farms and sent it by messenger to the Herald.

Early Friday Miss Mary Belle Batte came to The Herald by request to give information concerning Sgt. Batte.

When Sgt. Batte went overseas he was a tail gunner on a B-17 Boeing flying fortress and later was made a bombardier. He was serving in the position of a Commissioned Officer

and in the nose of the bomber when his ship was shot down over Germany. He had been with the same crew since he went over and entered combat and was the youngest man aboard the ship. He will be 19 on November 26th.

Sgt. Batte is a volunteer, enlisting to become a pilot when he was 17 and was called up from reserve. He trained at Alexandria, La., and at Carney, Nebraska. Since reaching England he was given further instruction in advance gunnery.

The family here received a letter which came to Miss Leila Lee Batte and dated September 27. Since September 1st letters had been received with regularity. In his last letter he said he was sending home a medal. This is presumed to be the Air Medal a coveted decoration. There was no information on the number of missions he had performed from the air over Germany.

In his last letter Sgt. Batte said he had been asked to take a desk job which he managed the decline. He wanted to fight, he said, and that is a tradition of the family, so he matched wings with the eagle and fulfilled his mission as becoming a courageous Texan.

Sgt. Batte is the adopted son of Mr. and Mrs. R. L. Batte. He came to the Batte home here when three weeks old. Hearts are saddened everywhere in Cameron today over the depressing news of his plight. All are proud to claim him a Cameron

son for they have been both gallant and self sacrificing in this war.

PVT. GEORGE EDWARD HOSH NOW IN TRAINING

Pvt. George Edward Hosh, age 21 has arrived at Camp Wolters Training Center to begin his basic training as an Infantryman. He has been assigned to battalion stressing heavy weapons. His wife, Mrs. Ruby Marie Hosh lives at their home on route 1, Buckholts.

Miss Gene Little of Austin who is attending Durham's Business College is spending the week end at home with her mother, Mrs. Grady Little and other relatives.

A. E. Brooker of Milano has returned to his home from the Newton Memorial Hospital much improved.

PFC. OSWALD L. ROSNOS IS WOUNDED IN ACTION

Mr. and Mrs. Rudolph J. Rosnos have been notified by the War Department that their son Pfc. Oswald L. Rosnos was slightly wounded in France in August. They have since received a letter saying that Pfc. Rosnos is convalescing, and additional information will be forthcoming.

Mr. and Mrs. Alvin Baggerley are announcing the arrival of a baby daughter who was born Thursday, October 19, 1944, at the Cameron Hospital. She weighed 7 pounds and 3 ounces and has been named Thelma Rae. Mrs. Baggerley will be remembered as the former Miss Maggie Young.

Clay Phipps of Maysfield was a Cameron visitor Thursday.

A Vote For Progress

We, the following named citizens and taxpayers of Cameron are FOR the issuance of bonds for the purpose of purchasing and improving a Municipal Airport for the city.

We feel that the land should be acquired NOW while suitable land is available, and we believe the land chosen by the Chamber of Commerce is ample, is ideally located, and is wholly suitable.

We think that a town without an airport in the pre-war years will be like a business office without a telephone.

We think that some revenue will accrue

to the City from the operation of a Municipal Airport, but we also think that it should be considered as a necessary improvement such as streets or bridges, and not as self-liquidating investment.

From the wording of the ballot, one might think that taxes might be levied for the retirement of these bonds, but we understand that this is a technicality required by law, and although part of the tax now levied will be set aside for their payment, we have the word of our City Government that NO ADDITIONAL TAXES WILL BE LEVIED OR ASSESSED FOR THE RETIREMENT OF THESE BONDS.

Taylor Ducks Trim Cameron Yoemen, 46-0

TAYLOR—Frank Struska led the Taylor Ducks to an easy 46 to 0 district victory over the Cameron Yoemen Friday night in a game that saw the locals crossing the goaline in every quarter. First downs were 13 to 5.

In the first quarter, Milton Jirasek went off right tackle 10 yards for a score, with Sanders converting.

Three touchdowns were reeled off in the second. Struska shot through left tackle 21 yards, later through the same spot for two, and then passed to Phil Pierce on a 24 yard scoring play for the third. Sanders kicked two of the points.

Then in the third, Struska cut through right tackle and sped 64 yards for a touchdown, with the point being missed. Struska then passed 16 yards to Ernest Kerenik for another, with this conversion being good.

Sanders went through right tackle for 21 yards and the final touchdown in the fourth.

Eugene White, center, Otis Miller, tackle and Bobby Miller, end, were defensive standouts for the Ducks.

Kangaroos Put White-Washing to Rockdale, 66-0

The Killen Kangaroos trampled over Rockdale's weak Lions easily Friday night in a district 31-A clash staged on the Killen gridiron by a score of 66 to 0.

Coach Leo Buckley of the 'Roos stated after the game that he "played every man on the team in an attempt to hold the score down" but that Lions were pitifully weak.

Baker and Locklear were outstanding in the backfield for the Kangaroos in their easy win.

J. W. WOODS IS HONORED

Miss Vera Fisher and Mr. and Mrs. Rip Woods honored Mr. Woods' brother, J. W. Woods with a weiner roast at Anderson Springs on Tuesday evening.

Mr. Woods has recently returned from two years combat duty in the South Pacific with the Seabees where he took part in some of the most important invasion battles.

A number of friends gathered by a large bonfire for a delightful evening. His daughter, Mrs. Maurine Klima was among the invited guests.

Bulldogs Mop Up On Marlin Bears

Cameron Bulldogs won an impressive victory over the Marlin Bears Friday night in Marlin by a score of 26 to 0.

Blaylock, tailback for the Bulldogs, scored three of the four touchdowns in the first two quarters and the score was 13 to 0 in favor of the Bulldogs at the half.

In the third quarter Eddie James Stephens caught a pass and lateralized to H. L. Smith who ran for the third score. In the last quarter Blaylock scored another touchdown.

The Bulldogs will go to Austin next week to play the Anderson High School team.

Mr. and Mrs. C. M. Beacham of this city have received a letter from their son, Charles, stating that he has been promoted to Major. Major Beacham serves with the famous 36th Division and saw combat action in the Italian theatre of war. He is now somewhere in France. He states that he landed there one and one-half hours after the first Allied troops assaulted the beaches on August 15th. Major Beacham says he is in excellent health.

Cpl. Preston B. Tucker Serves In Pacific

Serving with a veteran jungle regiment, Infantryman Preston B. Tucker, 26, Cameron, has been promoted to Corporal and assigned to lead a mortar squad in a heavy weapons company.

Tucker saw action on Bougainville where his outfit—part of the 37th Division—killed hundreds of Japs assaulting Hill 129. In 17 months overseas he has also served in New Hebrides and Guadalcanal. He holds the Combat Infantryman Badge and the Soldiers' Good Conduct Medal.

His wife, the former Henryetta Williams, lives at Cameron. He is the son of Mr. and Mrs. Walter L. Tucker of Buckholts.

A brother, Cpl. Howard, 32, is training with an Air Force

Lawrence Herman Richter, S2/C has returned to his base in San Diego after spending 10 days leave at home visiting his parents, Mr. and Mrs. Fred W. Richter, and other relatives and friends. He also visited in Houston.

Mr. and Mrs. Bruce Jennings of Davilla were Cameron visitors Thursday.

Belton Defeats Rosebud, 21 to 7 In District Tilt

Rosebud—The Belton Tigers took the Rosebud Panthers, 21 to 7, in a District 31-A game here Friday night marked by outstanding defensive plays on both teams.

Belton scored twice on long passes, both in the fourth period, Fielding tossing to Walker for 25 yards on one and to Walker for 12 on the other. Walker kicked both points, as well as the other conversion in the second.

This second quarter score was set up by a bad Rosebud kick and a 15 yard holding penalty against the Panthers which set them back to the four yard line. Walker plunged over for the touchdown.

Rosebud scored its touchdown on a sensational run in the fourth period when Thrasher took a kickoff on his own 20 and raced 80 yards for the score.

Thrasher and Braden on the offensive and Goeke, a great end on the defensive, were Panther stars. Walker and Fielding were the Belton standouts.

The Panthers go to Taylor next Friday night to meet the district leading Ducks.

War Film Will Be Shown Wednesday

Medical technicians are wanted and to enforce the local appeal a special war film will be shown at Milam Theatre Wednesday, October 25.

The work of American women in the army's program of helping wounded veterans of this war to regain their strength and courage, will be shown in this special War Department film.

John Prude, manager of the theatre, extends a cordial welcome to those interested and all who may wish to learn more about the needs for medical technicians.

Mrs. W. E. Dunham and small son, Wallace, left Saturday morning for Fredericksburg, Va., to be with her husband, T/Sgt. Wallace E. Dunham, who has been assigned to Camp A. P. Hill, Va.

cured at the Prison camp at Hearne and not in Cameron. Yes, Mrs. McGrath, it is true. The flag was removed on order of Colonel Dunn then commanding the camp when German musicians refused to enter a band shell where the American flag was hoisted and make music for the celebration, until the flag was removed. It was removed and of all days on the 4th of July, 1944. Members of the American Legion at Hearne protested and brought on an investigation. It was through members of the Legion The Herald obtained the facts and printed them. An effort was made to hush up the incident, at first invoking the Geneva Conference on treatment of prisoners of war. Ignorance of the provisions of the Geneva Pact might have explained away the offense, but our copy makes no mention that any such display of the flag is grounds for protest. The Germans are conversant with the Geneva Conference and while they are our prisoners, they are rigid in their demands. The German government makes no pretense to observe the provisions of the Geneva conference when our boys are involved. The American government keeps its commitments.

There have been many instances of coddling Nazi prisoners. Here is a typical one. A certain Brazos bottom planter reconstructed an old water reservoir so the Germans could swim during the noon hour. He provided them with cold drinks and ice cream. Usually the Germans when alighting from the truck on which they were conveyed in gaudy to the farm, spat on the ground because it was American soil. Luscious apples were bitten into and tossed away. One German prisoner was tortured to death in the Hearne camp because

he was suspected of deserting Nazism. His death resulted from knife cuts, beatings and burns, all inflicted by Germans. A few days prior to the tortures the German was permitted to speak to his father and mother who are residents of this country. The Nazi thought he was becoming indoctrinated with American ideas. Taken from his bunk with eyes punched out, finger and toe nails shaved off by knives, with hardly any portion of his body without a stab wound, he died in McCloskey Hospital in Temple. The dead German was in America when war came on in Poland in 1939. He went back and joined the German army. He was later captured in North Africa and finally ended up in the Hearne prison camp. He expressed a desire to live in America after the war and will killed by his Nazi companions for having done so.

COTTON PROGRAM

(continued from page one)

same as those of 1944 loan program based in middling 15-16 purchase rates, gross weight.

2. Location differentials for warehouse points will be based on freight rates to the Group B mill area of the Carolinas except in eastern Mississippi, eastern Tennessee, Virginia, North Carolina, South Carolina, Georgia, Florida and Alabama where a zone system will be in effect as under the loan program.

3. Purchasing agents, mostly local banks and warehousemen, will be approved by CCC.

4. Purchasing agents will buy at CCC prices if warehouse receipts and sales agreement are turned over to them within 10 days after issuance. Agent's fee of 50 cents per bale will be paid by CCC.

5. Purchases will be made only from farmers who produced cotton in 1944. Cotton must be stored in CCC-approved warehouses.

6. Farmers with cotton in loan may sell it to CCC by repaying their loan.

The CCC is making these purchases to carry out provisions of legislation enacted by Congress directing the president to take "all lawful action" to assure producers parity prices for their cotton.

CHRISTIAN SCIENCE SERVICES

"Everlasting Punishment" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 29.

The Golden Text is: "Wherefore doth a living man complain, a man for the punishment of his sins? Let us search and try our ways, and turn again to the Lord" (Lamentations 3:39, 40).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "But if the wicked will turn from all his sins that he hath committed, and keep all my statutes, and do that which is lawful and right, he shall surely live, he shall not die" (Ezekiel 18:21.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "It is a sense of sin, and not a sinful soul, which is lost. Evil is destroyed by the sense of good."

Mrs. Frances Mercer of Hood Village is ill in the Newton Memorial Hospital.

\$13.664 MONTHLY IS OLD AGE TOTAL HERE

Milam county receives \$31,664 each month in old age assistance checks. It was revealed here late last week in a communication from Jack C. Miller, supervisor for the 18th district, to Judge Jeff T. Kemp, county judge.

The report discloses that there are 1408 aged people on the pension roll in the county. Based upon the weekly total the annual receipt in benefits here would be \$379,728.

In addition 46 needy blind in Milam county get \$1,147 per month and Dependent Children receive \$1,995 per month, there being 97 in the county. This is a total of \$37,752 per year and the grand total of such benefits is \$417,480 per year.

CARD OF THANKS

I am deeply grateful to our many friends and neighbors for their kindness and assistance during the recent illness and at the death of my dear father, J. D. Nisbett. I want each one to know of my gratitude for every act of kindness and every word of sympathy spoken at a time when the burden of sorrow was so heavy. Your sympathy expressed in so many ways will be cherished in memory as long as I live.

Katie Nisbett.

JAPANESE NAVY BEATEN IN SHOW DOWN BATTLE

Defeat of the Japanese navy in the Philippines area was dramatically reported late Wednesday by President Roosevelt.

The President said he had just been advised by the Navy Department and Adm. William D. Leahy, his military chief of staff, that "the Japanese navy in the Philippine area has been defeated, seriously damaged and routed by the United States navy in that area." The news, he added, came from Adm. William F. Halsey, chief of the powerful American Third fleet.

Almost simultaneously the army signal corps, in a broadcast from the Philippines recorded by the Office of War Information, quoted Gen. Douglas MacArthur as declaring "the Japanese navy has received its most crushing defeat of the war. Its future efforts can only be on a dwindling scale."

The Japanese fleet approached Philippine waters "in force" Tuesday, MacArthur said. One force appeared at Surigao bay, south of the San Bernardino strait, which separates Samar and Luzon islands. The second force appeared off the east coast of Samar island.

Surigao strait referred to by MacArthur as Surigao bay, is the water course between the southern end of Leyte and the northern end of Mindanao. It also separates Leyte from Dinagat island, off the southern coast of Leyte.

Both were intercepted by Adm. Thomas Kindaid's Seventh fleet, including an Australian squadron, and escort carriers.

"The southern force comprising two battleships, one heavy cruiser, one light cruiser and four destroyers was completely routed," MacArthur reported. Remnants retreated westward through Surigao straits under repeated air attack suffering losses and damage.

"Every ship was either sunk or heavily damaged" said MacArthur. Allied losses were described as "extremely light," with several PT boats sunk or damaged and one destroyer damaged.

The northern enemy force, off the east coast of Samar, consisted of four battleships, several cruisers and eight destroyers. It made contact "with one secret carrier sunk and several off the east coast of Samar and was attacked with gunfire," said the communique.

Carrier planes from the group supported by naval airmen from another American task group, drove off this enemy force, forcing it to retire to the north.

Detailed information was not available on enemy losses, MacArthur said, but first reports indicated the Japanese lost several cruisers and destroyers. In addition, three battleships, two cruisers and an unspecified number of destroyers were badly damaged.

"Ship casualties sustained by our forces," said the communique, "were one secret carrier sunk and several escort carriers and destroyers damaged."

(Adm. Chester W. Nimitz announced at his Pearl Harbor headquarters early Wednesday that the American light carrier Princeton had been lost in Philippine waters. He did not give a definite location.)

Adm. Ernest J. King, America's navy commander-in-chief, said at Washington that "practically all of the Japanese fleet" was in the Philippines area battle. Prior to the President's announcement King stated at least one of the three divisions of the Japanese fleet prowling Philippine island seas was turned back from its eastward course toward American-invaded Leyte island.

How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try Cardul. If it helps, you'll be glad you did.

Mrs. J. D. McLane was being thanked by Mrs. J. M. Mullinax and her aged husband, for the return of a money purse found in the lobby of the federal building here two weeks ago.

Mrs. Mullinax came to the office of the Daily Herald and the publishers made an appeal that afternoon. Mrs. McLane who read the story then learned that the purse belonged to Mrs. Mullinax.

Late Saturday evening Mrs. McLane drove to the Mullinax home north of the city to deliver the money. She refused any reward. Mrs. Mullinax returned to Cameron last Saturday and spent some time trying to learn the name of the person who had returned her purse as she was not at the house at the time it was delivered.

Late Tuesday The Herald learned that Mrs. McLane had found the purse and that The Midget was in a large way responsible. Mrs. McLane has the thanks and gratitude of Mr. and Mrs. Mullinax and praise from the Herald.

Judge and Mrs. Kemp Guests at Camp Hood With School Teachers

Camp Hood, Oct. 20.—Guests at Camp Hood today were Judge and Mrs. Jeff Kemp with the 134 school teachers from Milam County, who were under the supervision of Charles M. Hicks, county superintendent of schools.

Judge Kemp commented on the visit through the automotive department of the Tank Destroyer School by saying:

"I can read with more understanding now of the fighting in this war. It's wonderful what they are doing here."

Mrs. Kemp, a former school teacher, enjoyed this visit equally as much. Her father served under General John B. Hood, for whom Camp Hood was named, in the Civil War.

Judge Kemp is now serving in his 23rd year as county judge of Milam County, and the couple will celebrate their 50th wedding anniversary on December 25th this year.

AACHEN FALLS FRIDAY TO ALLIED ARMIES

Aachen, the first great industrial city of Germany to fall, was in Allied hands at noon Friday.

It had been a long a stubborn fight with heavy casualties but a crucible of war in which the Doughboy of 1944 had proven his metal as he fought bitterly over many of the

roads and fields traversed by his father in 1918.

The city is a total ruin. Casualties were light in the final thrust into the city. The Allies were mopping up the Germans. It was said that not a single building of consequence is standing in Aachen.

The Nazi were speeding up their retreat out of Greece. The Reds were advancing on all fronts.

Great forces of British bombers were systematically blasting Germany with heavy destruction.

JAPS IMPERILED ON PHILIPPINE FRONT

The Japs are in retreat before the American army in the Philippines and their supply problem is growing more critical by the hour.

The Americans are advancing on an 18 mile front.

The Red army has crossed the border into Norway and have penetrated deeper into East Prussia.

All four Allied armies on the west wall have made new gains.

Many industrial centers were ablaze from new bombings.

The weather is slowing down the Italian campaign.

REDS 35 MILES INSIDE HOME OF THE JUNKERS

East Prussia, spawning ground for German aggression and the home of the German General Staff for generations, was facing envelopment and subjugation by a Red army Tuesday as Soviet forces plunged 35 miles inside the home of the Junkers on an 87 mile front.

The Red armies were also advancing on all other fronts.

The most important development on the western front was the British and Canadian advance into the Dutch communications center of S-Hertogenbosch, a city of 45 thousand people.

Battles were blazing all along the front. The Big Bertha's, German cannon of large calibre have been turned loose on Patton's Third army.

The weather is cold on the West wall and snow began falling to mantle with white the areas, which later, will be frozen. The climate in Germany is equivalent to the temperatures in Canada.

General MacArthur's armies are progressing well. Eight more towns have been captured on Leyte as the Japs continue to retreat. The 9th Division is fighting in deep mud and tanks are bogging down.

A new invasion has begun. A beach head has been established on Samar, an island east of Leyte.

A civil war is feared in Spain where nationalists have begun to fight General Franco's dictator government.

Distinguished Unit Badge Awarded to Sgt. Jerry Krenak

Sgt. Jerry Krenak, hero of much air action over Germany and Austria while based in Italy, has been awarded the Distinguished Unit Badge, it has just been announced by the 15th American Air Force in Italy.

The unit received the nation's highest organization award for an attack on the aircraft factories at Wiener Neustadt, Austria on May 30, 1944.

Sgt. Krenak in addition has received the Purple Heart, Air Medal and other decorations. He was wounded and has been sent back to this country.

Sgt. Krenak is the son of Mr. and Mrs. A. L. Krenak of Cameron.

Miss Doris Nell McLane accompanied by Misses Clotile Braser and Velma Schnieder of Dallas spent the week end in the home of Miss McLane's parents, Mr. and Mrs. Henry McLane.

Aged Man Loses His Purse; Appeal Made

The Herald is making an appeal today in behalf of J. M. Stutts who lost his purse containing a \$10 note, two \$5 notes and some silver.

Mr. Stutts, almost blind, cannot afford this loss. He thinks he lost his purse in Cameron around noon. He had just reached town, and walking on a crutch, sought to find the purse but he cannot see.

Two weeks ago The Herald was responsible for the finding of a purse belonging to Mrs. C. M. Mullinax.

The finder of Mr. Stutts' purse can get a reward at The Herald.

YOEMEN FACE ROUGH HOUR WITH KILLEEN

The Yoemen, failing to win a moral victory by holding the Taylor Ducks to a reasonable victory, are facing a rough hour here Friday night when Leo Buckley brings his Kangaroos down from Killeen.

The Yoemen made 5 first downs against Taylor but they could not score and the Ducks beat us 46 to 0. It was down right humiliating, but rather expected. To build a football team you must have time and a background—you must have support in the school sufficient to get results.

Killeen defeated Belton 28 to 7. Taylor beat Belton 13 to 0. However, it is certain that Taylor has the best team but Killeen is good enough to beat Cameron and it looks from here by about 4 to 6 touchdowns if they want to play hard. The Yoemen may bounce back some but not far enough.

Killeen has one fundamental play. They line up, the ball is snapped and they run for a touchdown. Given a little more fire the Kangaroos could win the district this year. They won't. Taylor will be the 6th in a row champion.

The Yoemen must play Hearne here on November 3 and on the following Friday night must meet Belton for the final game of the season.

As American as Huckleberry Finn

About the best-read books in our town are the works of Mark Twain—who wrote *Tom Sawyer* and *Huckleberry Finn* and all those other lovable, undying stories.

And I think it's because he's the most American of all our writers. He understood his fellow men—and loved them as he loved all humanity.

You may remember what he said of Tolerance and Freedom—those principles so basic to our way of life. Mark Twain believed in them, of course. He fought for them. But he cautioned: "Never

let tolerance become indifference, never let freedom become license."

From where I sit, that's timely wisdom for a troubled world—whether it applies to international politics, or to a man's right to enjoy a friendly glass of beer occasionally.

For tolerance—respect for the other fellow's rights—is important not just in the big things, but in the little human everyday things, too.

Plane Stolen From Temple Airport Is Found in Mexico

An airplane belonging to Vernon Roberts of Temple, has been found at a farm house in Old Mexico, it was disclosed here Tuesday.

The plane was stolen from the airport at Temple several weeks ago. According to P. W. Davis who has flown the ship and who plans to purchase a ship of his own soon, the man who took the Roberts ship is believed to be a plane thief and planned to dispose of the ship in Mexico.

It was disclosed that the ship made a forced landing in a corn field and

the pilot went for gasoline. In the take off the ship was nosed over and a propeller blade broken. The pilot asked permission of the Mexican farm owner to store the ship after its wings had been removed.

When the pilot did not return in two weeks the Mexican reported the ship. It was said the insurance company is sending an investigator to the Mexican farm.

IN THE CONTROL ROOM at the Texas Power & Light Company's great Trinidad Generating Station, alert and experienced workers constantly on the job direct the flow of 158,000 horsepower to serve the needs of home, business and industry throughout a wide area of central, north and east Texas. You never see these workers, but their work is evident in the accurate operation of your electric clock... the cheerful lighting of your home... the labor-saving performance of your electric appliances.

There is a constant vigil to assure you that the power produced at Trinidad will be supplied in exact accordance with every demand... whether it be for the needs of a tremendous war industry or for heating the baby's milk.

This is just one example of the human side of rendering electric service to a busy and important area of Texas. Other workers perform similar tasks at the Company's other power plants. Still others must operate the switching stations and sub-stations... must patrol and maintain the thousands of miles of transmission and distribution lines. They are all working in your behalf... producing and delivering your dependable, low-cost TP&L electric service.

134 TEACHERS ATTEND CAMP HOOD MEETING

Chas. M. Hicks, county superintendent of public instruction, was highly pleased over the recent visit to Camp Hood with school teachers of Milam county, a tour arranged by him to benefit teaching by observing methods used at Hood.

Mr. Hicks asked the teachers to go and three buses were used. There were 134 teachers making the trip.

Here is a story from the Public Relations Office at the camp:

Visitors at Camp Hood today were 134 Milam county school superintendents and teachers, to get the inside view of how new inductees are trained. Methods of teaching these men were the important factors brought out which enables the teachers to better plan the school curriculum.

The day's events began with a welcome to the post by Col. B. F. Delameter, Jr., commanding officer of Camp Hood. At the Tank Destroyer School, Brig. Gen. Miles A. Cowles, commandant of the school, welcomed the party at which time he compared the educational work of the Tank Destroyers with the teachers work in Milam county.

While at the Tank Destroyer School the visitors were guided through the weapons departments, the automotive department which included the class rooms and the museum.

"We can even apply this method of teaching to the fourth grade," one teacher commented.

After lunch at the 37th Street Service Club, the group was taken by the Infantry Replacement Training Center to witness the physical training set up for the men. The remainder of the afternoon included visits to the various IRTC firing ranges over the reservation.

An IRTC retreat parade concluded the events of the day.

Dr. C. G. Swift and Mrs. Swift to Seattle Washington, for Visit

Dr. Clifford G. Swift and Mrs. Swift will leave Cameron Sunday for Seattle, Washington, for a visit with Lt. Stanley H. Swift, United States Navy, and Mrs. Swift.

FOR KNOCK OUT BLOW TO JAPANESE FLEET

The British navy has put to sea for the Pacific to be in on the kill and the knock out blow of the Japanese fleet, it was announced early Saturday by Admiral Alexander, commander of the fleet.

German naval strength is no longer a threat to the British isles and in keeping with the promise of Churchill the fleet now goes to take part in the operations against Japan.

Speculation rose over whether now a final and all out attack may not be made on the Jap navy which has thus far avoided a show down with the American fleets in the Pacific. The two combined American and British fleets, greatest armada of sea power ever amassed in the history of the world may now move into Japanese waters and force a fight to wipe out Jap sea power.

The Japs were making their usual fantastic claims. Early Saturday the official Japanese radio said that six American battleships and six air plane carriers have been sunk.

Emperor Hirohito, commenting on the claims of naval victories, said that the Japanese navy had gone out and intercepted the American fleet. No doubt a falsehood. He said that the Army and Navy are now combining to deliver the victory blow. At the same time the Emperor said the situation is growing daily worse and more depressing. No doubt the

truth.

General Douglas MacArthur who commands the invasion of the Philippines, said everything is progressing satisfactorily and more men and equipment are pouring in. An air field has been taken.

12 JAP WARSHIPS SUNK OR DAMAGED

BIG SEA BATTLE IS RAGING OFF PHILIPPINES

Twelve Japanese ships have been sunk or damaged since the naval and air battle began in Philippine waters Monday, it was disclosed in an official communication issued from the headquarters of Admiral Nimitz in Pearl Harbor.

An early broadcast Wednesday said the Japanese fleet had been split into three task forces and each of them were believed converging on the American fleet now disposed in Philippine waters. One of the task forces sent out by the Japs was said to include six battleships, ten cruisers and 25 destroyers. This force has already been attacked by American planes.

As yet there has been no action between ships but indications were the battle might reach that stage.

The American fleet lost one aircraft carrier, converted from the cruiser, Princeton. Of the officers and men of the crew 1360 were saved but 250 are missing.

Jap losses are said to include a large cruiser and perhaps two aircraft carriers.

Forces invading the Philippines from the island of Leyte have taken three serviceable air fields and are advancing, it was disclosed by Gen. Douglas MacArthur. Southern Japan has been hit hard by B-29 fortress bombers.

The Red army has launched a new offensive in Poland. The Reds were advancing on all fronts. They have taken a submarine base in Norway.

Battles were flaming all along the Western front. Small gains were reported in Italy but the British have advanced 35 miles in Greece.

Mrs. P. A. Wenck has returned from a four month visit with her husband at Fort Ord, Calif. She reports a very enjoyable trip. Her husband, Sgt. P. A. Wenck is an instructor in Fort Ord. She will be remembered as the former Miss Josephine Eickenhorst.

Waste Paper Pile Is Fire Hazard; Is Blocking Sidewalk

Attention of Salvage director Brogdon and the Lions Club Twilight Raiders is directed to the extremely hazardous condition created at the Cox building where waste paper for the war effort is concentrated.

The paper has been piled high on the sidewalk with passage almost blocked. The pile is creating a fire hazard. Immediate steps should be taken to clear this paper from the sidewalk.

Already one blaze has occurred at the building. Mr. Cox gives the use of the building free and he should not be called upon to run the risk of having his property destroyed, nor should other property owners in the block have to run the risk.

The Herald brings this matter to your attention by numerous requests of citizens and property owners.

Chinese Consul Will Be Lion Speaker in Cameron October 31

Cunag Tsin-Lon, Chinese Consul at Houston, will be guest speaker at the Lions Club luncheon in Cameron on Tuesday, October 31, it was announced by E. C. Cole, program chairman.

The Consul was born in Szechuan province, China, in December 1899. He graduated from the University of China at Peking in 1923 and served as editor of a number of magazines and was an overseas correspondent for various Chinese newspapers. He has served in the Ministry of Foreign Affairs of the Chinese government and in various consular posts in Mexico, Mexico; Manila, Philippine Islands; Vancouver, British Columbia; Canada, New York, Chicago, Galveston and has been in Houston since 1926. He opened the first Chinese consulate in Galveston in 1923 and later it was moved to Houston. Cunag is an honorary member of the Houston Rotary Club and attended the Rotary International Convention in 1942 at Toronto, Canada.

Mrs. Herbert Haase returned to her home in Cameron Saturday from Brownwood. She will resume her teaching in the Buckholts High School on Monday. Her husband Sgt. Herbert Haase has returned to his base in Brownwood.

W. W. Caddell of Buckholts has returned from two weeks in Houston during which time he was in a hospital for treatment for an old back injury. Many friends here and in the community where he lives will be glad to know he is improved. Mr. Caddell owns one of the best farms in Milam county. He said Saturday there are 135 acres of good cotton on his place from which not a lock has been gathered. Labor shortage has been most discouraging to farmers.

Mrs. Olive Todd Walker, has returned from Houston where she attended the State Convention of the Texas Women's Press Association, and also visited with relatives and friends.

Mr. and Mrs. Ham Jones of Waco, spent Sunday afternoon here with Mrs. Graham Gillis. Mrs. Jones is a relative of Mrs. Gillis and formerly lived in Cameron.

Two Local Soldiers Wounded in Action

Telegrams were received Tuesday by the Kleypas family in Burlington and the Gandy family at Yarrrellton stating that their family members now fighting in France have been wounded in action.

The Herald had no information as to names and details. Another telegram was received stating that a member of the Hairston family is missing in action, atotal of four casualty reports in one day, the other being Robert J. Bennett, missing in action aboard a submarine.

Newspapers are often confronted with serious problems in reporting news because of lack of information.

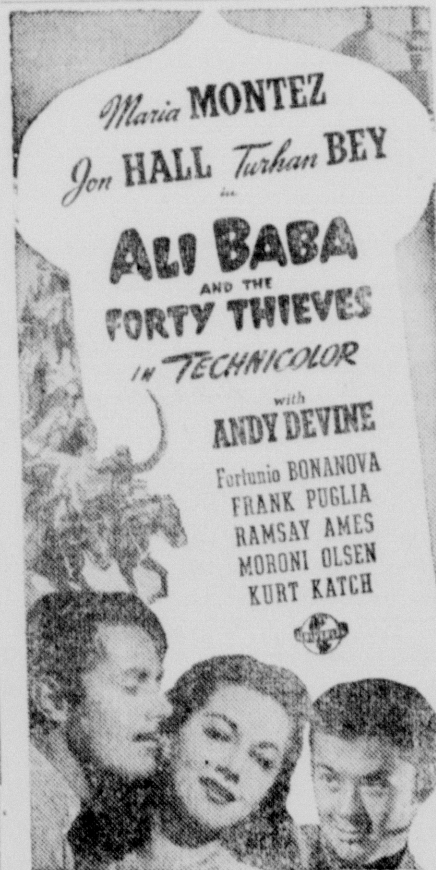

W. I. Clark of Cameron will observe his 85th birthday Thursday, October 26th. Mr. Clark while retired from active duty as a pharmacist, is well and strong and walks regularly to town. He is a native of Tenn., and came to Texas when young, and for several years conducted a drug store, before coming to Cameron where he spent a number of years as pharmacist in the Schiller drug store, and lives quietly now at his home 510 W. 7th street.

Mrs. W. P. Riley and Mr. and Mrs. R. Loeffler and two children of Junction, have returned to their home after visiting Mrs. W. G. Gillis, Sr., and Mrs. W. G. Gillis, Jr., here.
